TEMPERATURE CARGO

Temperature controlled freight shipping is the transport of goods that are sensitive to climate conditions, and require special handling and storage to maintain stable temperatures from dock to dock.

We at Magnum Cargo have expertise in handling of Temperature controlled shipments both by Air & Sea.

We offer most efficient and cost-effective logistics solutions, for critical shipments which need temperature controls throughout the journey.

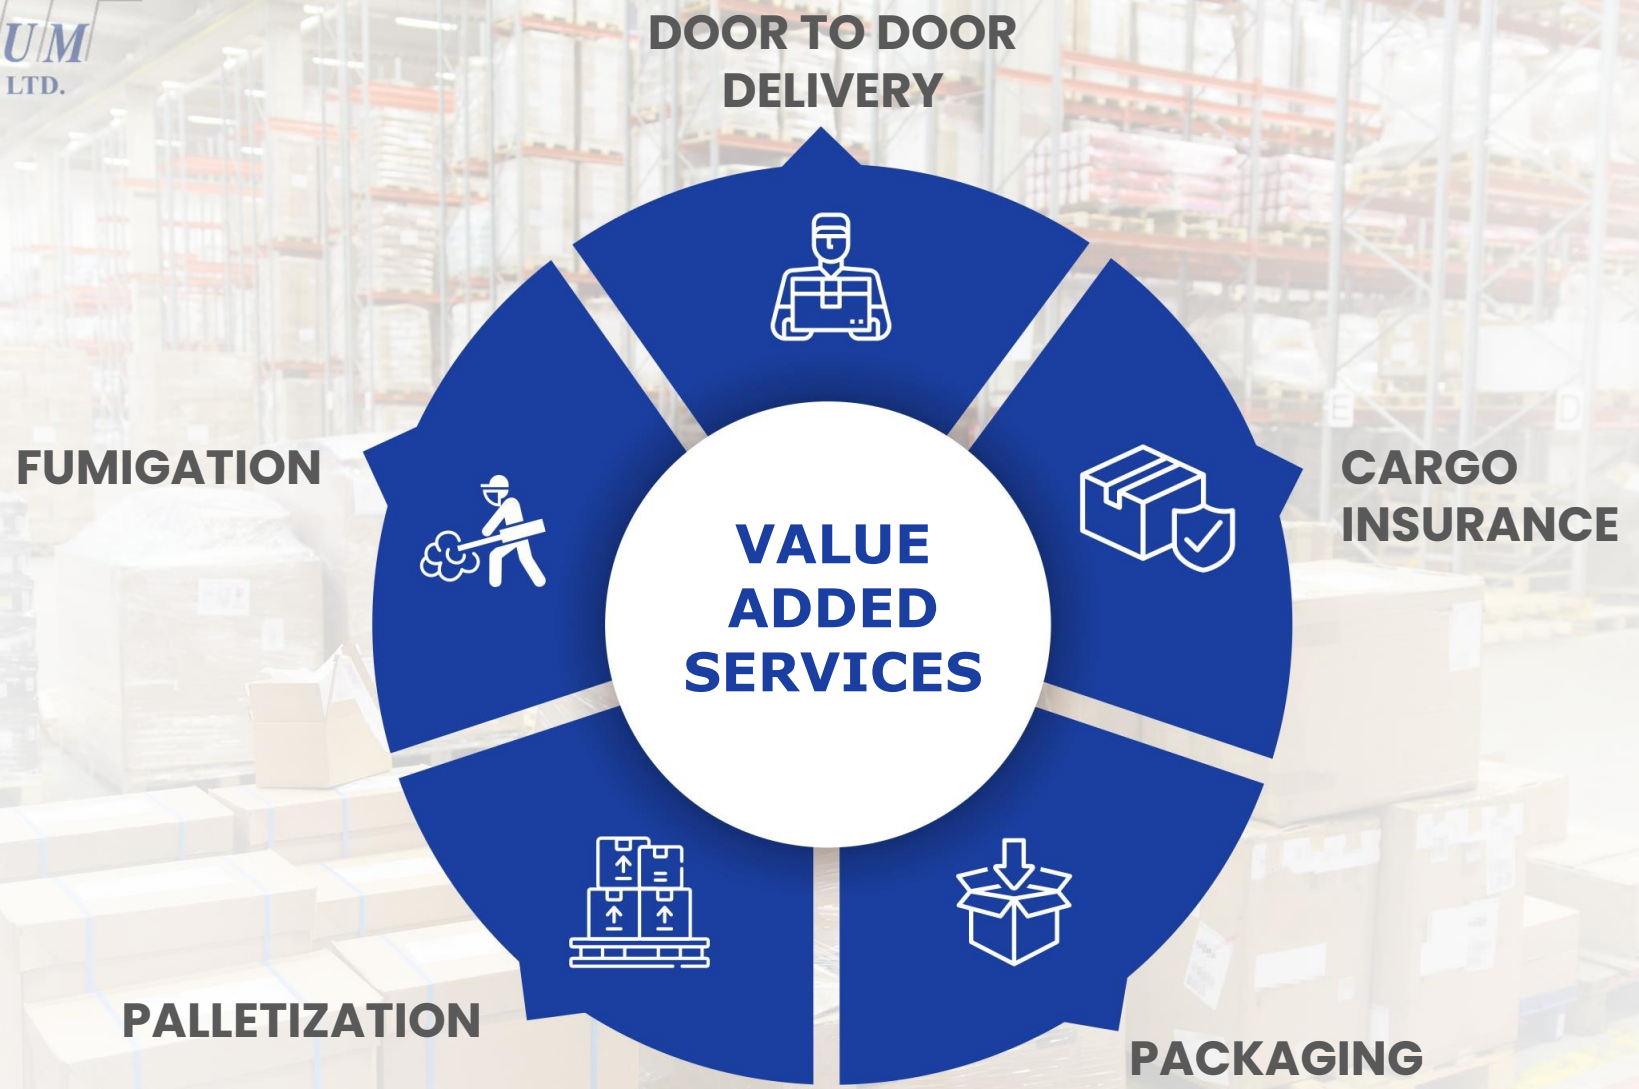

CROSS & 3RD COUNTRY LOGISTICS

Magnum Cargo Pvt Ltd pioneered the Cross & 3rd Country Logistics concept in India and today has emerged as a fully-fledged group dealing with transborder trade inquiries and processing “round the world” transborder trade shipments. To be able to offer its customers definite solutions, it has created a highly credible network of agents at various strategic locations.

Today, the overseas coordination department is responsible for this function, and it takes a lot of initiative to coordinate shipments, supervise connecting movements, collect goods, etc. Our cross-country trading offers cover a wide geographical region. We offer very innovative transborder trading services to our customers.

- ✓ Correct Documentation.
- ✓ Ensuring To Protect The Interests Of Customers.
- ✓ Competitive Freight.
- ✓ Complete Coordination Between The Origin, Destination, And Transborder Trading Points.
